FROM THE CHARLESTON COURIER dated November 23, 1860:

Cucumbers---When a cucumber is taken from the vines.  
let it be cut with a knife, leaving about the eighth of  
an inch of the cucumber on the stem, then slit the stem  
with a knife from its end to the vine, leaving a small portion  
of the cucumber on each division, and on each separate slit  
there will be a new cucumber as large as the first. Those  
wishing to raise large quantities of this article for pickles,  
will do well to try this experiment.

FROM THE CHARLESTON COURIER dated March 6, 1863:

Died---February 18th, 1863, at his residence Tiptonville,  
Tennessee, Archibald A. Price, formerly of Price's Landing,  
Scott County, Mo.

For over thirty years Mr. Price did a commission and  
forwarding business at his Landing, thirty miles above Cairo,  
which was, and is now, the shipping point of our County,  
and a portion of Scott County. Few men have done as much  
business for others with as little censure. Truly a good  
man has fallen.

FROM THE CHARLESTON COURIER dated November 23, 1860:

In Chester, ILL, a lot of women has been engaged in rioting,  
their object being to lay waste the liquor shops. They  
destroyed the contents of several. If liquor makes men behave  
any worse than these demonstrative women do, the latter  
are, perhaps, justifiable. They must have been drinking  
tea very hard, however.
