Indexed in 1990 by Danny M. Nichols

There are 40 persons identified with visible markers. All visible markers with names were indexed. Four additional persons known to be buried in this cemetery are listed above but graves are not identified. There are 15 headstones without names and 25 graves which have no visible marker. In total, there appear to be a minimum of 80 persons buried in this cemetery. There is a high probability that John Higgins (Rev. War Veteran) and wife, Mary Higgins and son, William Higgins and wife, Elizabeth Higgins, are buried in this cemetery as they once owned the property upon which this cemetery was established.
