I was pleased to learn that Dr Underwood would share his talents on European Genealogy. He is great.

The May Program - Christmas in England by Renee Bunck was very informative on the English Christmas and the various museums that she and her husband Steve toured. You can always pick up new ideas by the members who have toured in the various countries.

This has been a busy month, for many family histories have been found for friends and new members. It appears to continue into June, as Claire has names on the calendar for those seeking aid in their family histories that pertain to Dodge County and counties that are beside Dodge County. Family reunions and class reunions are many.

Please give time for the phone to ring, as Claire cannot move as fast as in the past, due to health problems, she is trying to rid her body of a blood clot in the leg, she is able to do most anything but not as fast as previously.
